8. As a matter of fact, it is not rare to find that+利一. And it also goes without saying that +利二.
9. One of the influences is that+利一. What's more, another evident one is that+利二.
10. One of the aspects in need of more attention is that+利一. Apart from that, a potential aspect which might often be ignored could be that+利二.
11. For example, +利一. In addition, there is the other point, which no one can ignore, that+利二.

第三章 总结预测段

1. According to the analysis above, it is obvious that the trend reflected by the chart will sustain for some time in the future, hence I should firstly point out that positive and correct notions should be publicized.
2. Taking the analysis mentioned above into consideration, we may safely reach a conclusion that the current situation will surely sustain in the forthcoming years, so there is no denying that government should firstly be ready to play an active role in this issue.
3. In short, the analysis we have made leads to a sound conclusion that the present situation will not only maintain but also prevail in the near future, so we should take efforts to avoid its disastrous/unfortunate effects but amplify its beneficial/fortunate ones.

4. All the analyses justify an unshakable view that this tendency revealed in the chart will keep going on for some time in the future, and I would like to firstly single out that people should regulate their own behaviors and prevent other's improper conducts.

5. When all the factors are examined, with further economic growth in China, the tendency indicated in the chart will continue. In order to make it develop in a healthy way, the above phenomenon should be controlled within a reasonable range with effective measures.

6. Given all above arguments, we should admit of no doubt that this tendency will continue in the forthcoming years. However, some negative influences may coexist with its popularity. Therefore, we should use it in line with law and moral principles.

7. Taking into account what has been discussed above, we may safely come to the conclusion that +最大变化/最大差异 in the years to come. Therefore, it is high time to strengthen people's awareness in this aspect.

8. In view of the above reasoning, I am convinced that the trend that +最大变化/最大差异 will sustain for some time in the future, so it is advisable for us to take steps to maximize its positive effects and minimize the disadvantages.

9. From the analysis given above, we may predict that+最大变化/最大差异 in the future. However, some negative effects may coexist with its popularity. Hence, on no account can we ignore the value of mass media.
